Further guidelines and information.

Tennis courts.

The tennis courts are renovated every year. The courts may **only be used for tennis**. No ball game or playing is allowed.

Before leaving the court it must be swept. In dry periods it must also be irrigated for 10 minutes. Lock the gate when you leave the court.

At the pool house there is a board for reservation of the tennis courts. One of the courts is reserved half past the hour. The other one on the hour. This is necessary as both courts cannot be irrigated at the same time.

Petanque.

There is a petanque court near the tennis courts.

Garbage.

Please use only the trash cans placed along the main road. Do not leave bulky waste like furniture or equipment there. It must be brought to the waste site in Fjerritslev by the individual owners.
